9 June 1993

TO : Authors of papers to be presented at the
AGARD/TIP Specialists' Meeting in Ottawa,
6-7 October 1993

FROM : TIP Executive

I now enclose ^{two} ~~five~~ copies of the Meeting Announcement for this meeting. Please check it carefully and tell me of any inaccuracies relating to your contribution. Please note that there will be a briefing, which you should all attend, at 0900 in the auditorium, to meet your Session Chairmen, the interpreters and the technicians who will operate the audio-visual equipment.

The interpreters will welcome a copy of your presentation, as distinct from the written text, if you prepare one in advance, as it makes their task much easier, so please bring one to the briefing if possible.

You will see that the meeting finishes with a forum discussion. Please make your travel arrangements so that you can stay for this. We like to have all the speakers take part so that we can get as wide a variety of views as possible and so that any further questions relating to specific papers can be answered accurately.

The meeting and accommodation details and other information about Ottawa are also enclosed, together with information about tax refunds.

Further to my letter of 19 May, the Canadian hosts have kindly agreed to make copies of your papers, provided they are not unduly long and provided they arrive by Friday, 17 September. They should be sent to Michael Brandreth at the address given in my letter of 19 May.

G.W.Hart

Copy: Mr. Brandreth

Encs: Meeting Announcement
General Information
Tax refund information *
* complete information to Mr.Kahle
